# Tray & Cup Top Sealing

## Table Top Series

ETS Series  
Economical  
Electric Model

TSA Sealer with &  
Without Gas Flush  
MAP Function

## Rotary Series

Rotary Series  
Compact & Efficient

## Skin Pack & MAP Sealers

Full MAP including  
Vacuum Skin Packaging  
& Vacuum Gas Function

## Fully Automatic Cup Fill & Seal

Our Comprehensive Range of Rotary & Inline Cup Sealer with Auto Cup De-nester, Auto Filling Station, Sealing & Capping Station – Possible Options include date coding & Labeling

## Linear High-Speed Series for Trays & Tubs

Our High-Speed Linear Series offers high efficiency along the convenience of easy connection to existing pre and post sealing process due to its' single lane set up

# Horizontal Flow Wrappers

Compact Box Motion Model

High Speed Belt Feeding Box Motion Model

Bottom Film High Speed Box Motion

Compact Intermittent Bottom Film System

High Speed Rotary Jaw System

Bottom Film Rotary Jaw System

## Bag Packing Styles

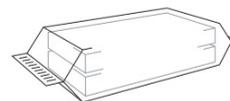

Straight cut

Zig-zag cut

Pillow

Gusset

Hole Punch

# Thermoforming Vacuum Packaging

## Compact Range

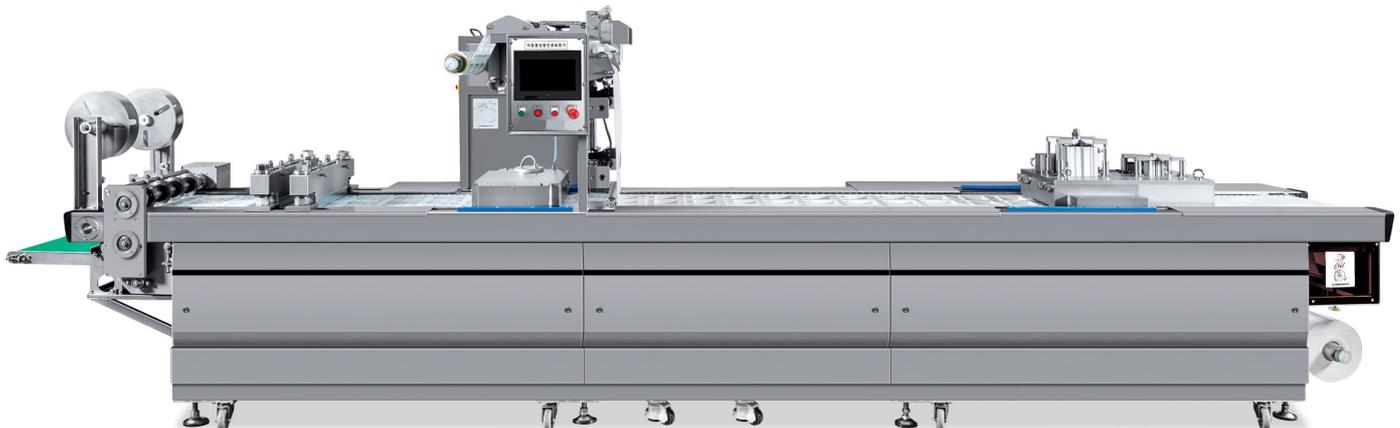

Most Compact Model at only 2.1 Meter Length

Compact Model with 424mm Bottom Web width

High Speed Model for large production with customizable Pitch and Web

High Output Machine suitable for use with Rigid Bottom Web to Rigid base Tray with Seal and MAP Packaging

# Vertical Form Fill Seal

Compact Sachet for Paste & Liquid Product

Stick Pack Format with Powder Filler

Small Width VFFS suitable 3 or 4 Side Seal or Center Seal Packs

Multiple Options For Filling System including Auger, Volumetric Cup, Piston or Gear Pumps as well as Conveyor Bucket Systems

VFFS with Multi Head Weigher

High Speed Box Motion Series

Airless Squeeze Type VFFS for Liquid & Paste

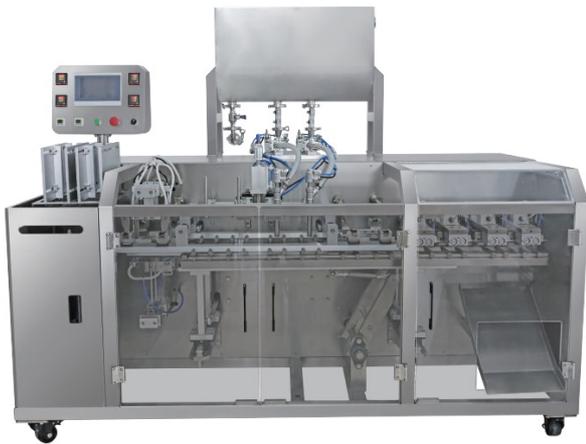

# Pre Form Bag Fill & Seal

## Single Station Horizontal Pre Form Pouch Fill Seal

Auto Fill & Seal Machine suitable for small-medium output. Compact Size of machine with flexibility to adopt various kinds of fill system including gear pump, piston filler, auger screws, volumetric up & weighing system

## Double Lane Horizontal Fill & Seal

Featuring high-capacity output extremely suitable for bottle shape pouches and small shape bags which requires top-down fill. Suited for medium high output

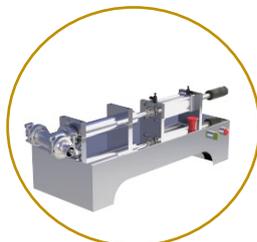

## Rotary Fill & Seal Machine

Featuring high-capacity output extremely suitable for various bag shapes including bottle shape pouches and small shape bags which requires top-down fill. Also available in vacuum packaging version

## Types of Filling System for Pre Form Bag Machines

# Product Filling Solutions

## edhard Volumetric Depositors & Filling System

Donut Injecting

Eclair Filling

Cupcake Filling

Paste Spreading

Blueberry Filling

Cupcake Depositing

Paste Filling

Cosmetic Filling

## Pneumatic Piston Filler Series

## Other Filling Systems

Table-Top Fully Electric Liquid Filler

Tablet & Capsule Counters

Linear Vibrating Channel Weigher for Granules & Grains

Auger Screw Powder Filling Machine

# Vacuum Sealing Range

## Nozzle Vacuum & Gas Flushing Series

Table Top Series with seal bar length of 450mm, 600mm, 800mm, 1000mm – with Vacuum & Gas Flush Features

Floor Model + Adjustable Seal Angle

Floor Model + Adjustable Support Plate

Horizontal Model for Large Boxes & Drums

## Chamber Vacuum Pack Series

Table Top Chamber Vacuum Pack with option for Gas Flush

Floor Model with 700mm Seal Bar

Double Chamber Machine using quality Busch Pumps

Heavy Duty Floor Model Sus Chamber Lids

Double Chamber Machine with Manual & Automatic Lid Closing System up to 1,000mm in Seal Bar Lengths

# Cling Wrap Series

Basic Manual Cling Film Hand Wrapper

Table Top Semi Auto Cling Film Wrapper

Table Top Semi Auto Cling Film Wrapper with Touchscreen & Memory Function

Floor Model Cling Film Wrapper with Touchscreen & Memory Function

Floor Model Cling Film Wrapper with Touchscreen & Memory, Weighing & Print Function

Fully Automatic Cling Film Tray. Fruit Wrapper with Touchscreen & Memory with speeds of up to 25ppm

# Shrink Wrapping Series

Semi Auto Chamber Type Shrink Wrapping Machine for Low to Medium Usage

Economical Automatic L Sealer + Shrink Wrap Tunnel

Fully Automatic Side Sealer + Shrink Tunnel suitable for Large & High Products which require stable & reliable Shrink wrapping

## Automatic Shrink Wrap Sleeve Sealers

The Automatic Sleeve Shrink Wrap Machine is suitable for wrapping heavy products such as Can drinks, bottles using thick PE films. The finished pack is tightly shrink wrapped and open on both ends.

# Product Labeling

Table Top Round Bottle Labeler

Table Top Round Inline Bottle Labeler

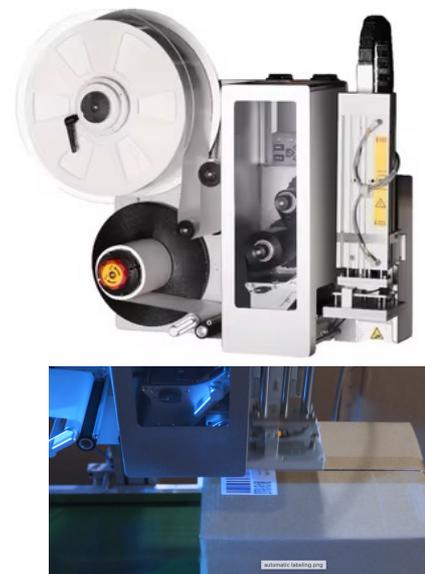

Table Top Inline Top Labeler

High Output Inline Round Bottle Labeler

High Output Inline Top Labeler

Thermal Print On Demand Labeler easily connects to any existing conveyor line

# Bag Sealing Equipment

Foot Pedal Type

Full Stainless Steel

Semi Auto Model

Full Range of Table Top & Floor Standing Manual & Semi Automatic Impulse Sealer, Constant Heat Sealers as well as Hand Sealers

Basic Horizontal & Vertical Band Sealers

Band Sealer with Gas Flushing Function

Band Sealer with Ink-Jet Coding

Band Sealer with Roller Ink Coding

Heavy Duty Band Sealer with Wide Conveyor Belt and Seal Angle Adjustable

Heavy Duty Horizontal Band Sealer for Loads up to 15kg

# Coding & Printing Equipment

## Ink Jet Coders Series

Mini Handheld Ink Jet Printer

Handheld Ink Jet Printer

Inline Ink Jet Printer for Production Lines

## Bag / Sleeve / Box Feeders with Date Coder

Standard & Custom Conveyors, Bag / Sleeve / Box Feeders available to work with our date coders

Desktop Bag/Box Feeder with built in Inkjet printer

## Thermal Transfer Over printer (TTO) Series

Table Top Intermittent TTO Printer (15mm x 24mm Print Area)

Intermittent & Continuous Mode TTO Printer with option for 32mm or 53mm print head width

# Bottle Filling & Capping Lines

Table Top  
Screw Capper

Glass Bottle Semi  
Auto Vacuum Capper

Automatic Cap Sorting, Dispensing  
& Screw Capping System

Simplified Filling Line with Liquid Filling, Automatic Screw Capping & Bottle Labeling

Customizable Fill Line Complete with Unscrambler, Bottle Rinsing, Filling Station, Cap Sorter & Placement, Screw Capping, Final Labeling and Collection Table or Pick & Place System

# Check Weigher & Metal Detectors

## Check Weigher Systems

Left & Right Check Weigher System

Metal Detector & Check Weigher Combi System

Belt Type Check Weigher System

Roller Type Check Weigher System for Heavy & Carton Products

## Metal Detector Systems

Basic Economical Metal Detector

High Sensitivity Metal Detector

Powder Product Metal Detector

# End of Line Systems

Carton Erector System

Semi Auto Top & Bottom  
Carton Sealers

Automatic Top & Bottom Carton Sealer Integrated with End  
Sealer System

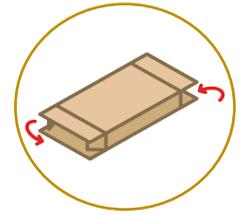

Customized Belt Type & Roller  
Type Conveyor System

Easy Programmable  
Palletizing System

# End of Line Systems

Automatic Horizontal Carton Boxing Machine features speeds of up to 80 boxes per min from box opening, product feeding, flap folding and final gluing

Monoblock Case Packer features 3 in 1 functionality from Carton Opening, Product Loading to Case Sealing, the system is able to adopt either Tape Seal or Glue Closing

# Food Service Equipment

## Bubble Tea Shop Equipment

Cup Sealer

Sugar Syrup Dispenser

Powder Dispenser

Cup Sealer

Smart Ice Blender Series

Milk Shake Mixer

Sushi Ball Maker

Sushi Rice Spreader

Automatic Rice Dispensing System

## Packaging Materials & Consumables

### Standard & Custom Packaging Trays, Tubs & Cups

- Custom Trays In PP, APET, PS, PET G Materials
- Customized Clamshells
- Ovenable CPET Trays
- High Barrier Retort Trays
- Vacuum Skin Pack Trays
- PP Bubble Tea Cups
- Clear APET Cups
- Customize Injection Molding Cups
- In mold Label Cups
- Ovenable Paper Board Trays
- Bagasse Pulp Containers
- Bagasse MAP & Skin Pack Trays
- Kraft Bowls & Containers

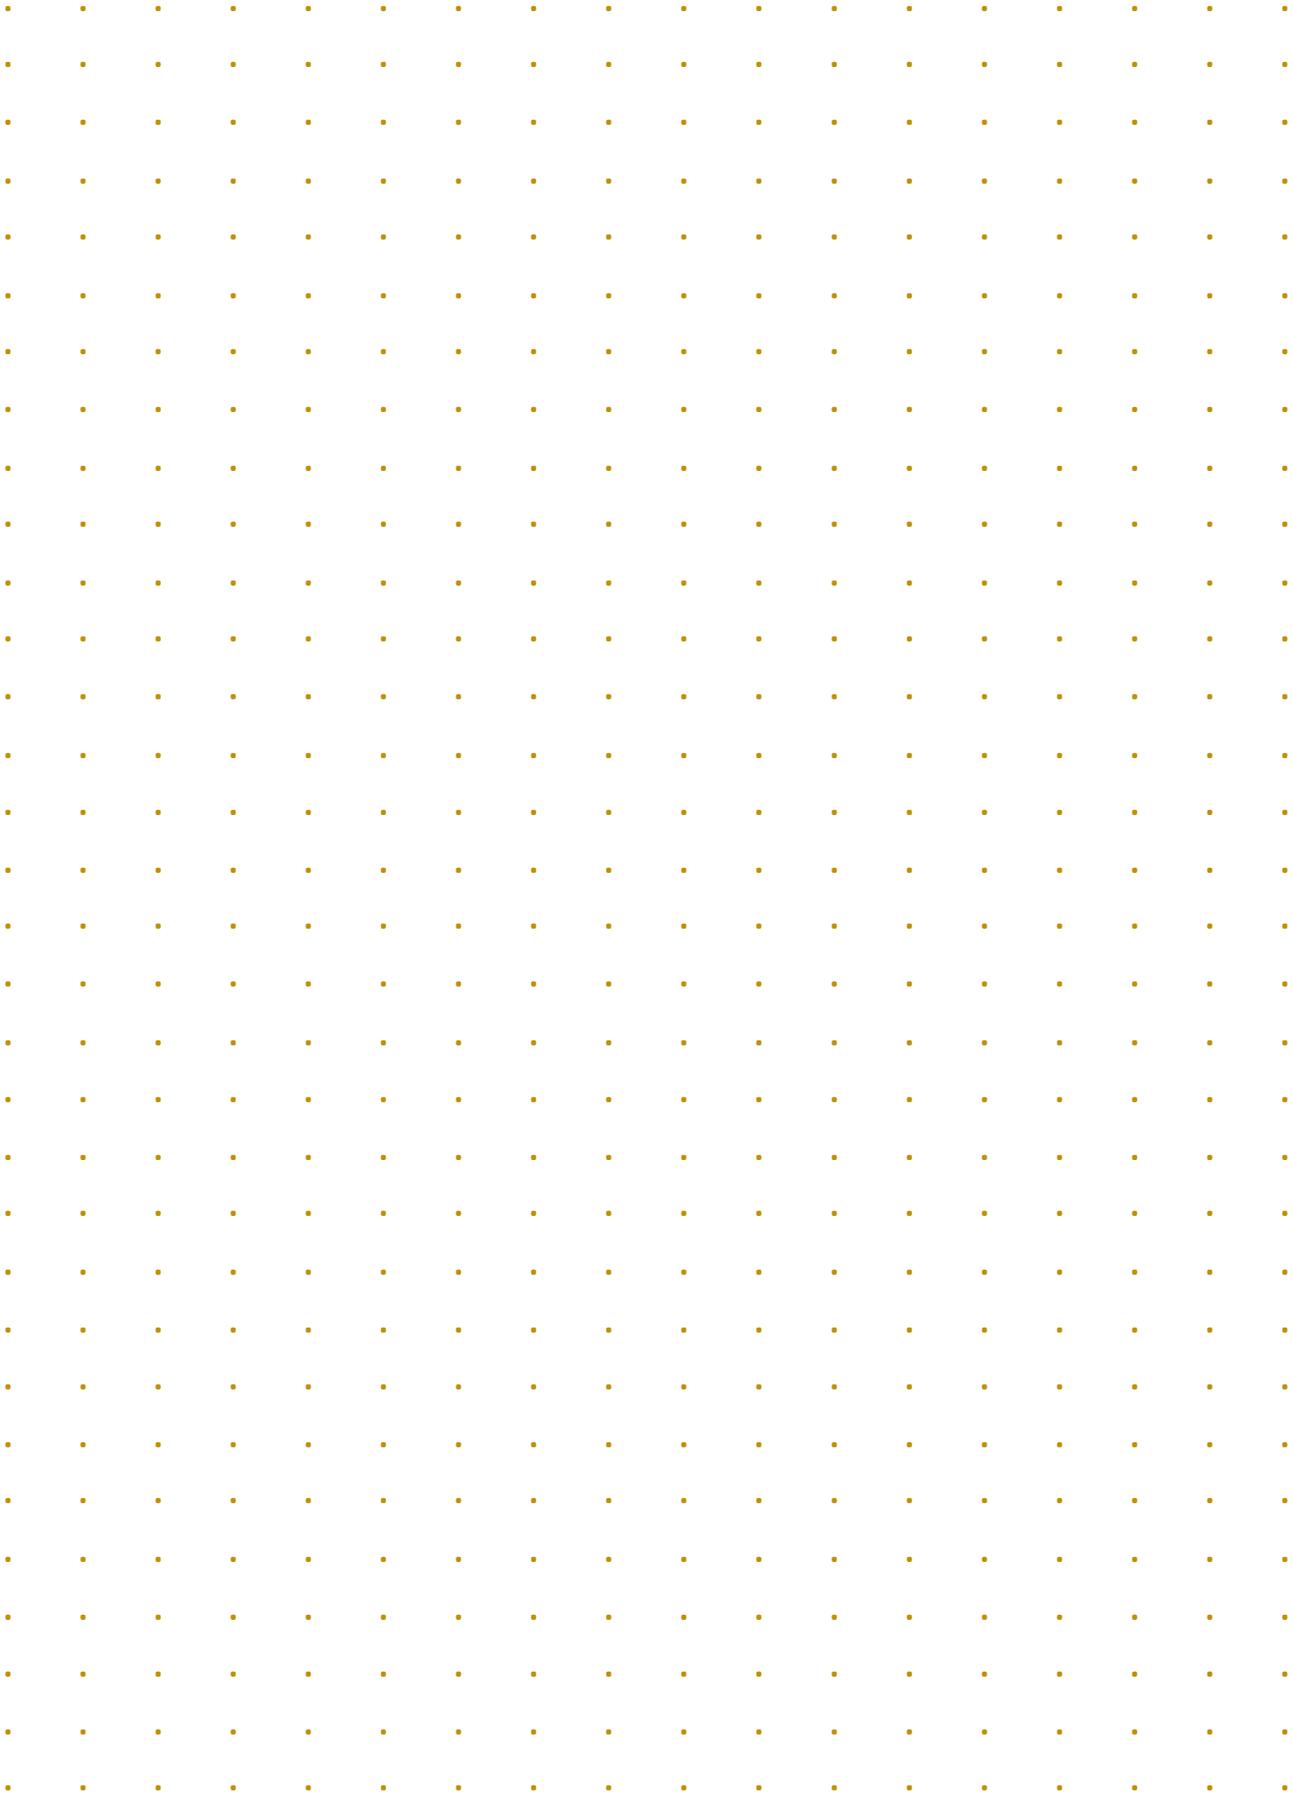

### Customized Flexible Packaging

Our range of customize flexible materials covers product such as

- Top Seal Lidding films
- Shrinkable Top Lidding Film
- Anti Fog Packaging Films
- High Temperature Ovenable Films
- Retort Lidding Films & Pouches
- Vacuum Pouches
- Stand Up Pouches
- Zipper Pouches
- Quad Seal Pouches
- Center Seal Pouches
- Shaped Pouches
- Spouted Pouches
- Roll film for VFFS / HFFS
- Flexible Thermoforming Films
- Rigid Thermoforming Films
- POF Shrinkable Films
- Foil & Metalized Rolls or Pouches
